

# Drive your organization to new places

Your employees have places to go. Great organizations make getting around a breeze with transportation solutions from Lyft Business.

Get your employees from point A to point B while saving time and money, and increasing the standard at which you operate. With Lyft Business, you'll delight and reward employees by covering the ride. And our partnerships, integrations, and easy-to-use platform make it a seamless part of your workflow.

## Lyft Business offers many solutions to move your employees:

### Offer a seamless experience

Business travel is a breeze for employees with automated expensing and travel perks for every ride. Plus, our airport partnerships ensure the travel experience is frictionless.

### Make commuting a breeze

Commuting doesn't have to be the worst part of the day. We get your employees to and from the office, so they can focus on doing their best work.

### Enhance the event experience

Amazing events start with great rides there and end with great rides home. Ensure everyone gets there and back safely.

### Customize your program

Your organization has unique needs, so we have flexible solutions. No matter where your people need to go, Lyft can get them there.

### Give a free ride

Send future employees and in-office guests a ride to and from your office.
