

The power to move your people

With Lyft Pass, you can cover rides for your people, while staying in control of budget and how it's used.

How it works

Decide the budget

Determine how much of each ride you'll cover and the total budget for the program.

Rule the ride

Control where the ride picks up and drops off, what type of ride is used, and when it can be used.

Share with ease

Ensure your people benefit from Lyft Pass by sharing via email, phone number, code or a direct link.

Get visibility

Monitor usage and spend easily with reporting.

Whether it's daily commuting, recruiting, events, or courtesy rides, Lyft Pass is the reliable way to move your people.

Provide an experience that shows you care

Make your organization stand out by providing a reliable and easy transportation program that delights riders.

Flexible programs based on your needs

From controlling the budget, creating ride rules, and determining how rides will be shared, Lyft Pass provides the flexibility your business needs to move your people.

Keep budgets under control

Keep costs under control and manage it all in the Lyft Business Portal. Reporting gives you direct visibility to monitor usage and spend so you can continue to optimize your program's success.
