

Core Capabilities

For over 20 years, Neta Scientific, Inc. has been a leading provider of laboratory supplies and services, based out of our offices in Hainesport, NJ. We offer our customers in the pharmaceutical, biotechnology, and academic industries, a robust catalog of world-leading brands like Agilent, MilliporeSigma, Corning, Cytiva (formerly GE Healthcare Life Sciences), and IKA Works, to conduct cutting-edge R&D safely and effectively.

Our LEAPS Division, (Laboratory Equipment Asset Procedure Services), offers a robust portfolio of services that include asset and stockroom management, direct materials, and procurement and relocation support.

Our Value Add

- National distribution
- Lab Service Provider
- eProcurement
- Supply Chain Management
- Product Aggregation
- Customer Cost Savings
