Statement of Work (SOW) Management.

We are Coupa Advantage's Workforce Partner.

Complete management of your contingent workforce with Guidant Global & Coupa Contingent Workforce (CCW).

Complexity, simplified

SOW and Consultancy Spend Management is fragmented and complex. With multiple stakeholders and human relationships to consider this is not an easy area of spend to tackle, but manage it well and the benefits and cost-savings can be huge.

External expertise, internal control

Our Statement of Work (SOW) and Consultancy Spend Management is a transformational solution delivered by procurement experts. It enables you to select the regional experts for every externally delivered project.

What to expect

- Competitive rates
- Spend transparency
- Access to a supply chain you can be confident in
- Analytics that drive better strategic decisions
- Flexibility
- Process improvement
- Continuous learning
- Reduced timescales
- An unbiased view of all consultancy arrangements

Dedicated SOW expertise

To help you navigate this complex area, Guidant Global has created a dedicated SOW and Consultancy **Center of Excellence**. From on-demand buy-support to full consultancy MSP, our expert team can help deliver a better, forward-thinking way of managing your SOW and Consultancy Spend.

Our solutions

- **Decision Support** to ensure correct classification of opportunity
- **Requirements Definition Consultation** with the requestor to thoroughly define all information before creating the RFI /RFP - streamlining the process and garnering consistent, high-quality supplier responses
- **Conducting Competitive Bidding** to drive cost savings and capture high-quality proposals for requestors
- **SOW Contract Consulting** to ensure contract terms are appropriate and aligned to a given solution and properly defined within the SOW contract
- **Streamlined and Automated Approval Facilitation** to ensure prompt financial approvals, SOW contract execution and approvals of work items, invoices and payments
- **Multi-Level Reporting** to ensure full visibility of all SOW-based activities

Guidant Global offers you highly flexible access to our team of consultancy procurement experts who partner with you to reduce risk, maintain regulatory compliance, secure substantial savings and ensure highly satisfied stakeholders and suppliers.

The benefits

- Greater visibility across SOW and consultancy spend
- Substantial cost savings
- Freed up time and resources
- The implementation of robust processes and governance
- Enhanced decision making
- Shorter cycle times
- Consistent terms
- Quality improvement
