

How can we improve your procurement process?

Hello!

We are PBS Global Solutions and we are new here, however we have already noticed that you know how important cost effective procurement is. Essentials for your workspace may seem like a small cost, but after taking a closer look, an international organization like yours may suffer from unrecognized leakage, too many suppliers and high prices.

PBS Global Solutions is an expert in tailor made office solutions for international organizations, with over 120 satisfied customers.

We specialize in:

- **Office supplies (paper, ink/toners, stationary)**
- **Technology and IT equipment**
- **Food & breakroom products and equipment**
- **Washroom including cleaning and waste management**
- **Health and Safety including PPE**
- **Customized print**

We can service your organization across Europe with our extensive network of local market leaders. They will not only provide you with competitive pricing, but will also give good advice on how to improve your cost effectiveness.
